## The City of Milwaukee Order #4.2 Update

MILWAUKEE— For the first time since early October, none of the five gating metrics monitored in the Health Department’s Moving Milwaukee Forward Safely are in the red category. While that is a positive development, there remains significant, ongoing concern about the presence and spread of COVID-19 in our community.

“This week’s developments, including the opening of the Wisconsin Center vaccination site, have brought a sense of optimism in our efforts to crush COVID. But along with that optimism, we must remember COVID-19 remains a life-threatening danger in Milwaukee,” Acting Commissioner Marlaina Jackson said. “For our neighbors, our family members, and for ourselves, we all must continue to wear masks in public, keep six feet away from non-household members, and avoid group settings where COVID-19 can be spread.”

Of the five gating criteria, the percentage of positive COVID-19 tests improved to 9.7%, elevating that metric to green. The four other criteria are in the yellow category.

Order #4.3, which put additional restrictions on bars and restaurants and athletic activities, lapsed as scheduled today. Milwaukee returns to Order #4.2 under which bars and restaurants can operate at the full capacity permitted under each location’s approved safety plan. The Milwaukee Health Department has approved 802 such plans and an additional 205 are in the process of being approved. The complete Order #4.2 is available online at [milwaukee.gov/MMFS](http://milwaukee.gov/MMFS).

The Health Department’s central vaccination site opened this week at the Wisconsin Center where hundreds of COVID-19 vaccinations were provided to frontline health care workers and emergency medical responders. Following state and federal guidelines, no other individuals are currently being vaccinated there. Operations at this vaccination site proceeded smoothly, and in the coming weeks, as more vaccine is available, the Milwaukee Health Department expects to significantly expand the number of people receiving shots.

The Health Department continues to offer COVID-19 testing at the Southside Health Center, the Northwest Health Center, American Family Field (formerly Miller Park), and at a mobile location currently at Barak Obama High School. Testing numbers have been lower this week compared to testing levels in recent months. Anyone with COVID-19 symptoms and anyone potentially exposed to someone infected with COVID-19 is encouraged to be tested.

Below are the Five Key Indicators and Gating Criteria that drive our City’s advancement through the phases and guide our reopening.

MHD 01/14/21

These measures are reassessed every Friday but advancement through the phases can only occur 14 days after we are in a new phase. This week, testing and cases are listed in the red category.

**Reminder** – Masks are required per the MKE Cares mask ordinance, which went into effect on July 16, 2020 for the city of Milwaukee. Please report business violations of the mask laws and Order #4.2 by calling 414-286-3674 or emailing [cehadmin@milwaukee.gov](mailto:cehadmin@milwaukee.gov). Complaints will remain anonymous. Free MHD masks are available for households and individuals. Free mask sites locations throughout the city are continually updated online at [milwaukee.gov/masks](https://milwaukee.gov/masks).

Under order #4.2, restaurants and bars are required to submit their Business COVID Safety Plan and fill out the [Risk Assessment Tool](#) to continue in person dining. The facility's COVID safety plan is comprised of two pieces. A complete safety plan is comprised of supporting documentation that addresses the components of the Risk Assessment Tool. The Risk Assessment Tool can be located at: [milwaukee.gov/MMFS/SafetyPlan](https://milwaukee.gov/MMFS/SafetyPlan). Documents should be sent to [cehadmin@milwaukee.gov](mailto:cehadmin@milwaukee.gov) with the subject line "COVID SAFETY PLAN: [insert name and address]." They can also be mailed in dropped into the drop box located in the Zeidler Municipal Building, on the first floor, by the lead and vital records department.

There are a variety of resources for schools and businesses available online on our school resource webpage located at: [milwaukee.gov/MMFS/Schools](https://milwaukee.gov/MMFS/Schools). Reminder—the MHD is continuing to review COVID-19 safety plans for schools that are located in the City of Milwaukee and desire to have options aside from virtual. Plans are reviewed in the order that they are received and prioritized by the open date. Schools will receive an approval letter from the Commissioner of Health. Additionally, the City of Milwaukee has and will continue to provide a webinar series to business owners and operators with sector specific guidance. Please visit our website [milwaukee.gov/MMFS/SafetyPlan](https://milwaukee.gov/MMFS/SafetyPlan) for more information on COVID-19 safety plan submission and webinars.

The City of Milwaukee key indicators for Moving Milwaukee Forward Safely are updated weekly and are available online at [milwaukee.gov/coronavirus](https://milwaukee.gov/coronavirus).
